

1. PROJECT OVERVIEW

This Statement of Work (SOW) defines the scope, deliverables, timeline, and pricing for a custom software development engagement between the Client and Code Bridge Agency. All work will be delivered on a fixed-price basis.

2. SCOPE OF WORK

Code Bridge Agency will design, develop, test, and deploy the following:

- [Deliverable 1 - defined in project-specific SOW]
- [Deliverable 2 - defined in project-specific SOW]
- [Deliverable 3 - defined in project-specific SOW]
- Security audit against OWASP Top 10 prior to final delivery
- Technical documentation for all delivered systems
- Deployment to client-specified production environment

3. DELIVERABLES & ACCEPTANCE CRITERIA

All deliverables will be submitted to the Client for review and acceptance. Acceptance criteria for each deliverable are defined in Appendix A. The Client will notify Code Bridge Agency of acceptance or requested changes within 5 business days of delivery submission.

4. TIMELINE & MILESTONES

Milestone 1:	[Week 2] Discovery and architecture review complete
Milestone 2:	[Week 4] Core backend and database layer complete
Milestone 3:	[Week 7] Frontend and API integration complete
Milestone 4:	[Week 9] Security audit and remediation complete
Milestone 5:	[Week X] Final delivery, deployment, documentation

5. PRICING

Contract Value:	[As per proposal / fixed price]
Payment Schedule:	50% on contract execution, 50% on final delivery
Change Orders:	Any changes to scope will be quoted and agreed in writing before implementation. No changes executed without approval.

6. INTELLECTUAL PROPERTY

Upon receipt of full payment, all custom code, designs, and documentation produced under this SOW transfer to the Client. Code Bridge Agency retains rights to any pre-existing IP and general methodologies.

7. POST-DELIVERY SUPPORT

A 30-day post-delivery support window is included at no additional charge. Extended support available under monthly retainer.
